I bought this to help me in AP United States History, and it definitely prepared me for the exam. It's much more concise than most school textbooks. My dad, a former APUSH teacher himself, recommended it to me and recommends it to all other APUSH students.
The United States Census of 1890 was taken beginning June 2, 1890. It determined the resident population of the United States to be
62,979,766, an increase of 25.5 percent over the 50,189,209 persons enumerated during the 1880 census. The data was tabulated by
machine for the first time. The data reported that the distribution of the population had resulted in the disappearance of the American
frontier. Most of the 1890 census materials were destroyed in a 1921 fire and fragments of the US census The third volume of The
Cambridge World History of Violence examines a world in which global empires were consolidated and expanded, and in which
civilisations for the first time linked to each other by trans-oceanic contacts and a sophisticated world trade system. The Cambridge
World History of Violence. Volume 4, 1800 to the Present. Readers also gain insight into the mechanisms by which the parameters
about the acceptable limits to and locations of violence have dramatically altered over the course of a few decades. Leading experts
from around the world have pooled their knowledge to provide concise, authoritative examinations of the complex phenomenon of
human violence. Annotated bibliographies provide overviews of the shape of the research field.
